Currently work as Academy Department Director, Information Technology Technician (ICT), Italian Sign Language (LIS) teacher and lecturer at training courses (Adobe Premiere Pro, After Effects and Illustrator, Visual Vernacular) for Academy Department, LIS/International Signs (IS) Interpreter, Italian Written/LIS and English Written/IS Translator, Website Manager, Social Media Manager and Social Media Manager in IstitutodeiSordi di Torino in Pianezza.

Background:

A deaf artist, actor and poet from Tuscany, he began his artistic career at a very young age. His meeting with the Florentine theater company "Il David" was crucial as it enabled him to tread the stage of many Italian and international theaters. His passion also led him to devote himself to other artistic forms such as Visual Vernacular, poetry, songs and gospel in Sign Language.

Important encounters that have marked my career include Lorenzo Laudo of Vlog Sordi, Alfonso Marrazzo of Bar Senza Nome, and Rita Mazza. Inspired by Giuseppe Giuranna and Bernard Braggi started acting in VV in numerous events, festivals and performances and am still continuing.
